

 **TOYOTA**

Advanced new RAV4 features and functions will thrill you like you've never been thrilled before.

### Audio System

SRS airbags for the driver and front passenger seats, SRS side airbags and SRS curtain-shield airbags help protect you and your passengers in certain types of severe frontal and side impacts. (SRS side and curtain-shield airbags are standard on models with leather\* seats)

### Air Conditioning

Intuitively easy to operate, the automatic air conditioner features left and right independent temperature control, creating a comfortable cabin environment.

### Steering Wheel Switches

Audio switches are installed in a cross-type key pad arrangement on the steering wheel, providing you with intuitive, easy-to-understand operations.

### Storage Capacity

1 Door pockets 2 Center console tray 3 Front passenger-side open tray 4 Glove box 5 Center console box with slide mechanism (Standard on AT) 6 Rear-seat armrest cup holders.

### Luggage Room Equipment

- 1 Tonneau cover
- 2 Pip net (Optional)
- 3 Underfloor storage box

You can create more space for luggage by folding down both the rear seats.

Large items can be loaded efficiently with seating available for three occupants.

Generous seating space is provided for all onboard to travel in comfort.

### Daytime Running Lamps

LED-type daytime running lamps help enhance visibility to oncoming traffic. (optional)

### Airbags

Available SRS (Supplemental Restraint System) airbags include dual-stage and side airbags for front occupants. An SRS knee airbag for the driver is also available.

### Brake Control System

ABS (Anti-lock Brake System) with EBD (Electronic Brake-force Distribution), plus Brake Assist are available.

### WIL Concept Seat/head Impact Protection

The WIL concept used in the front seats helps to reduce injury to the vertebra in the neck in a rear-end collision.
